MSP Foundation

The MSP Foundation Certification is suitable for individuals who want to demonstrate they have sufficient knowledge and understanding of the MSP guidance to work effectively with a Programme Management team or act as an informed member of a Programme office, business change or project delivery team within a MSP supporting environment. The roles and responsibilities of program management explained in this course will advance your ability to engage and meet the business requirements of your organization and develop a solution oriented approach to risk mitigation, issue management, quality control, and stakeholder management.

4P Advisory Services
