PRINCE2 FOUNDATION

The PRINCE2® method (Projects in Controlled Environments) is internationally accepted as the leading "best practice" project management approach. It is the standard approach within central and local government, the wider public sector and throughout the private sector. The method is scalable and can be tailored to reflect any organization's existing standards, approaches and business.

4P Advisory Services

Who is PRINCE2 Foundation for?
The course is suitable for individuals requiring a controlled approach to managing projects, including project managers, team managers, project support and assurance staff, and managers from any discipline. The PRINCE2® method is flexible and adaptable for any type and size of project, and offers an excellent management foundation for any member of staff.
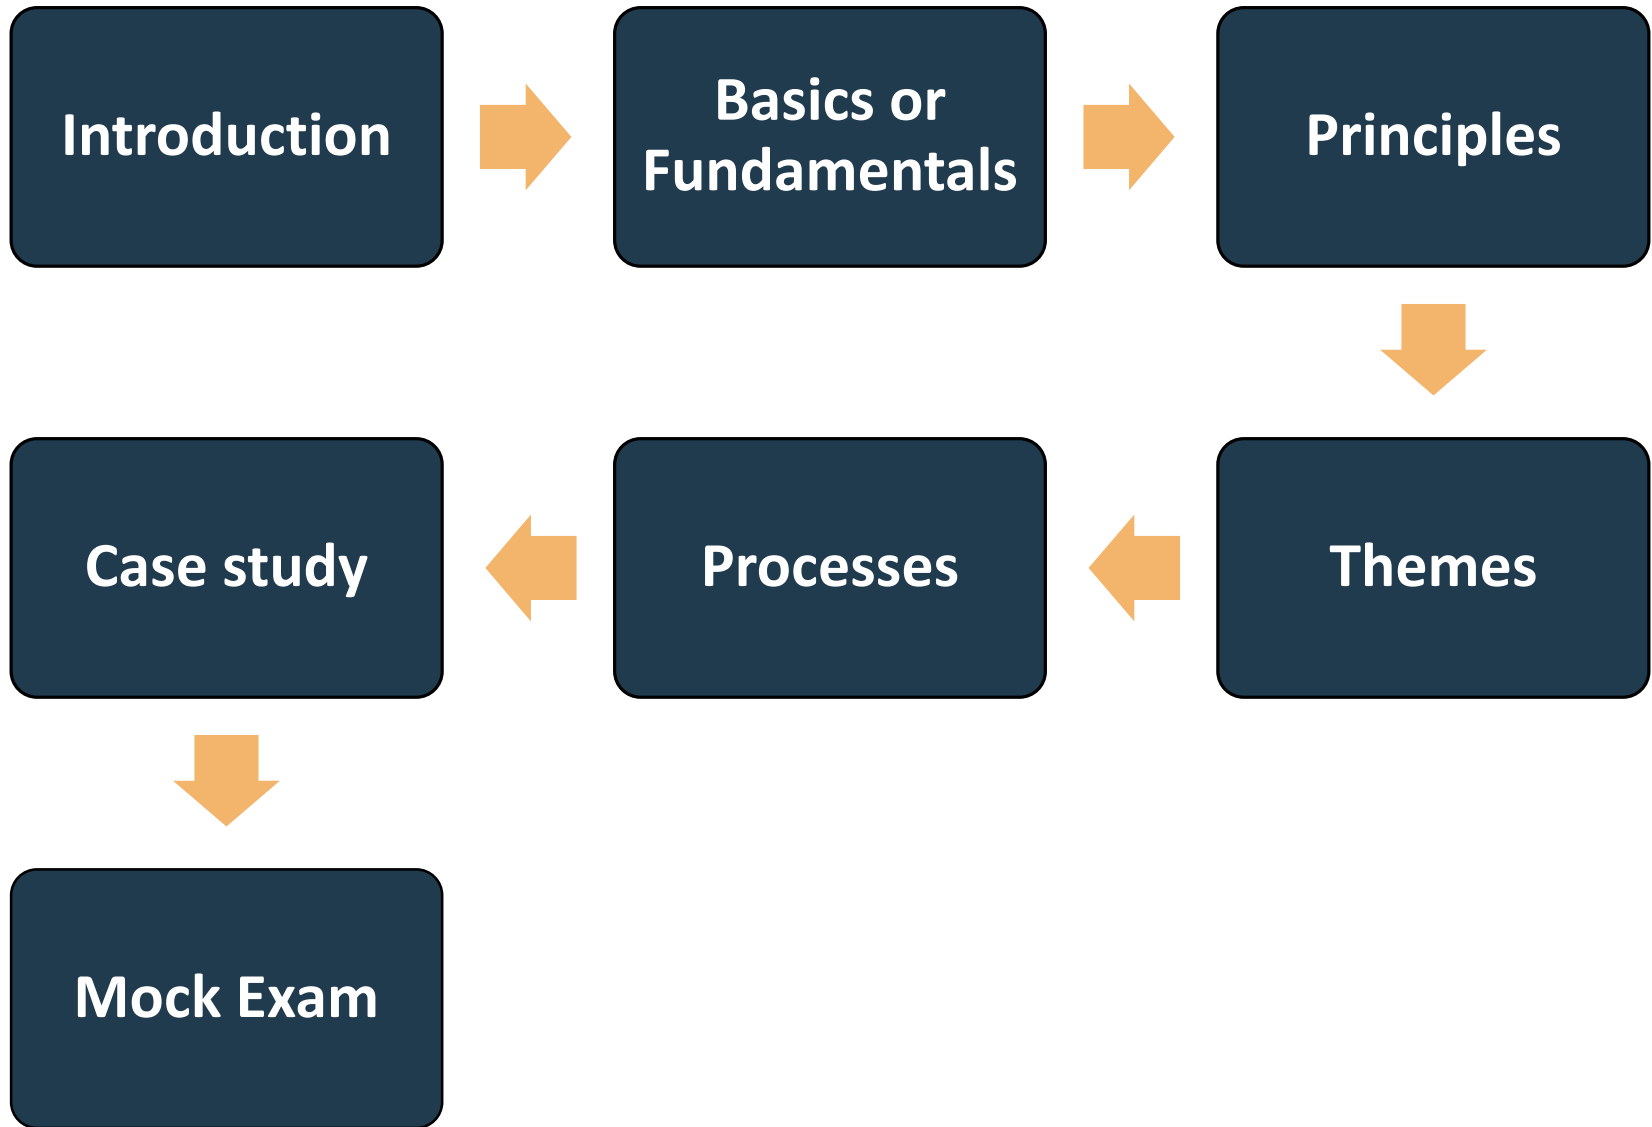

Benefits

PRINCE2 enables the candidates to understand how projects need to be managed.

to understand the specific aspects of Project Management methodology, including the Principles, Processes and Themes

to understand the management products to support the execution o the projects

to understand the ways and means of tailoring the project management methods to match the specific organizational & project requirements
